Dear Mrs. Diana Bonelli,

It gives me great honor to let you know how much your clients respect and appreciate your magic skills and know how in the training of their beloved pets. Several of your clients wrote to me expressing nothing but praise for your kindness and great success in accomplishing some of their most difficult dogs and turning them into a "Canine Good Citizen".

I always knew from the first day that I met you that you have that sixth sense that is "GOD GIVEN" to be so successful in the love of what you do so well. As your instructor, you also give the school and me a sense of pride in our teachings and beliefs for all the dogs and clients in the future. We thank you for your loyalty, trust and commitment. The school now recognizes you as "GRAND MASTER DIANA BONELLI".

Sincerely,

A handwritten signature in cursive script that reads "Anthony Jerone".
